

Basic Information for The Daily Grind at GHS An Excerpt From An Intern (February)

I had the wonderful opportunity to visit Mr. Dickerson's *Daily Grind* coffee shop, located within the High School, and speak with his students about the content of his Business class. Students indicated, along with Mr. Dickerson, that running the *Daily Grind* requires research, problem-solving, and writing. In addition, as we work toward becoming Future Ready, this class teaches time management, responsibility, helps develop work ethic, utilizes real-world situations, requires and helps build communication skills, and allows students to become involved within the community.

- Student Operated.
- Open from 6:45am to 7:34am
- Offers coffee and frappes either hot or cold.
