An Excerpt From An Intern (December)

I had the wonderful opportunity to visit Mrs. Young's College Credit Plus English class on December 14, 2017 and speak with her and students about the content. Students indicated that this class requires research, problem solving, and writing. In addition, as we work toward becoming Future Ready, this class teaches time management, responsibility, helps develop work ethic, utilizes real-world situations, requires and helps build communication skills and allows students to become involved within the community.

Here are a few quotes from students that are enrolled in this course and even a quote from Mrs. Young. Please enjoy!

- “It’s a bootcamp for education.”-Kara Cohn
- Get you prepared for college.”-Mrs. Young
- “You have to stay focused, you can’t procrastinate.”-Abby Urquhart
